PARTICIPATION STATEMENT

Participants should be aware trekking, mountaineering and travelling in a developing country are activities that involve a risk of personal injury or death. As a condition of booking you must accept these risks and be responsible for your own actions and involvement.

Adventure travel requires an open and flexible attitude. You may experience extreme conditions, unpredictable weather and last minute changes to the itinerary beyond our control. Lack of acclimatisation to high altitudes could also be a risk factor. Our itineraries allow optimum time for acclimatising although it is possible that some individuals might be slow acclimatisers.

The majority of our trips visit remote areas where you are away from normal emergency services and medical facilities. In case of a serious injury requiring hospitalisation, it has to be accepted by you, evacuation could take up to several days and may impede your ensuing recovery. Helicopters are the most usual means of evacuation, however they are not always available or they may be hindered by poor weather and flying conditions.

INTRODUCTION

This is one of the classic treks of the world with stunning mountain scenery including Everest and Ama Dablam.

The trek starts with an exciting flight in a Twin Otter plane to the mountain airstrip at Lukla, from here we follow in the footsteps of famous mountaineers for the walk into Everest Base Camp. We are now in Buddhist Sherpa country where you will see colourful prayer flags, mani walls and monasteries along the way.

We have designed our Everest Base Camp trek with plenty of time for the necessary acclimatisation. Our route takes you to the prettiest Sherpa villages in the Khumbu and to Namche Bazaar the colourful and vibrant heart of Sherpa country. You have the opportunity to visit the main monasteries of the Khumbu region at Tengboche and Thame. The high points of our itinerary are the walk up to Kala Patar for the panoramic viewpoint of Everest, Lhotse and Nuptse and also the hike from Gorak Shep along the Khumbu glacier to Everest Base Camp.

DETAILED ITINERARY

It is our intention to keep to the day by day itinerary detailed below, although there might be some flexibility due to local conditions or other factors beyond our control. If this is the case the trek leader will do everything possible to work out the changes to the itinerary in order to minimise your inconvenience.

Day 1. Arrive Kathmandu, collection from airport and transfer to hotel.

A driver will be sent to collect you on arrival at Kathmandu airport and to bring you back to the hotel. Please provide travel plans on booking and we will arrange the pick up and transfer.

Day 2. Fly to Lukla (2,840m), trek to Phakding (2,610m)- 4 to 5 hours walking.

You will be transferred from your hotel to the airport for the early morning flight to the mountain airstrip at Lukla. This is a truly spectacular beginning to the trek as you fly over the rolling foothills of Nepal with the huge Himalayan peaks visible to the north.

On arrival we meet our Sherpa guides and then begin the trek following the Dudh Khosi valley to the village of Phakding. Overnight lodge.

Day 3. Trek to Namche Bazaar (3,445m)- 5 to 6 hours walking.

Today there is a long and steep climb up to the trading town of Namche Bazaar. Halfway up the hill we are rewarded with our first views of Everest and Lhotse.

Namche is the largest town in the Khumbu and has superb views of Thamserku (6,648m), Kwangde (6,220m) and Khumbila (5,700m). Overnight at the Zamling Guest House lodge.

Day 4. Acclimatisation day in Namche Bazaar

Today we take a rest day to allow us to adapt to the gain in altitude. There is plenty to do in and around Namche, we can take a short walk above the town to get a view of Everest. There is also an interesting Sherpa Culture Museum which is well worth a visit.

We will return to the lodge for lunch and in the afternoon you can either relax or visit the Bazaar. Overnight at the Zamling Guest House lodge.

Day 5. Trek to Deboche (3,770m)- 5 to 6 hours walking.

The trail traverse high above Dudh Khosi river through rhododendron forest with superb views of Ama Dablam, Kangtega and Everest. After crossing the bridge at Phunki Tanga we start the climb through forest to Tengboche. The main monastery of the Khumbu is located here and is well worth visiting. Overnight at Rivendell Lodge.

Day 6. Trek to Pheriche (4,240m)- 5 to 6 hours walking.

After a descent to the Imja Khola, we cross the river and climb gradually to the village of Pangboche. We spend two nights at Pheriche to help with the acclimatisation process. Overnight at Himalayan Lodge.

Day 7. Acclimatisation day.

Today we recommend you walk up the hill behind Pheriche. This greatly helps your acclimatisation by following the golden rule of “climbing high and sleeping low”. Overnight at Himalayan Lodge.

Day 8. Trek to Lobuche (4,931m)- 5 hours walking.

From Dingboche the trail contours above Pheriche and on towards the moraine of the Khumbu glacier and then across to Dughla. The trail goes directly up the terminal moraine of the Khumbu Glacier before turning left just past the climber and sherpa memorial. Tawache and Nuptse are particularly spectacular from Lobuche, towering almost two kilometres directly above you! Overnight Ecolodge.

Day 9. Trek to Everest Base Camp and back to Gorakshep (5,160m)- 8 to 9 hours walking.

After an early start we follow the trail along the western side of the broad Khumbu valley. The conical peak of Pumori comes into view further along, it is on a lower ridge of this mountain that we will be going tomorrow for the Everest view point of Kala Pattar.

The trail makes a short descent onto the sandy area at Gorakshep. It should take between 2 to 3 hours walking to get to Gorakshep from Lobuche.

After a light lunch those in the group we would like to walk to Everest Base Camp will head off for the 6 hour return trek. The trail is mainly on rocky moraine before crossing over on to the glacier. There is a dramatic view of the infamous Khumbu icefall from the Base Camp.

Day 10. Ascend Kala Patar (5,545m) and return to Lobuche.

We have another early morning start to climb Kala Patar in order to get the clear morning views. There is a steep climb for a couple of hours to Kala Patar summit. It is definitely worth it for the great views of Everest (you can not see Everest from

Base Camp) along with the other Himalayan giants of Pumori, Changtse, Nuptse, Lhotse and many others!

After the climb to Kala Patar we return to Gorakshep for lunch. We then start our descent and return to the thicker air of Lobuche in the afternoon. Overnight Ecolodge.

Day 11. Return to Pangboche.

Day 12. Return to Namche Bazaar.

Day 13. Return to Lukla.

Day 14. Fly to Kathmandu.

Day 15. Sightseeing in Kathmandu.

Today we explore Kathmandu with a good local guide, the day is flexible depending on what you would like to see but the most popular places generally are:

- Pashupatinath is a Hindu temple with burning ghats on the banks of the Bagmati river.
- Swayambhunath, also known as the monkey temple, is climbed by a long set of steps and has great views of Kathmandu.
- Boudhanath stupa has many traditional gompas hung with strings of multi coloured prayer flags, it attracts many Sherpas and Tibetans for the circumambulations of the stupa (koras).
- Durbar square, which is one of the old capitals of the Kathmandu valley, has a blend of Hindu and Buddhist temples.

Day 16. Fly back home.

Transfer to Kathmandu airport for the flight back home. End of trip.

PRACTICAL INFORMATION

ALTITUDE AND ACCLIMATISATION

Our Everest Base Camp itinerary has been designed for gradual acclimatisation to take place, take a look at the altitude profile for the itinerary below:

There are ways of helping the acclimatisation process, as described below:

- Walk slowly: there is plenty of time included in the itinerary so there is no need to rush, go at your own pace and enjoy the incredible views!
- Drink lots of water: it is easier for your body to acclimatise when hydrated so drink water and avoid coffee, tea and alcohol.
- Consider taking diamox (acetazolamide): before using this drug we recommend consulting a doctor and thoroughly researching the pros and cons.

For further information we suggest you take a look at the following websites:

ACCOMMODATION IN KATHMANDU

In Kathmandu we use Hotel Tibet (three star). The hotel is located close to the British Embassy near to the centre of Kathmandu. It is within walking distance of the Royal Palace and the tourist hub of Thamel.

LUKLA FLIGHT

Please note that the flights to and from Lukla are dependent on the weather and delays can happen. If you have to wait in Kathmandu at the beginning of the trip your overnight accommodation is included and you will not have to pay extra for this.

In our itinerary one extra day in Kathmandu is included at the end of the trip in case of delays flying from Lukla. If you are delayed longer than this we can help reschedule your international flights however there is likely to be a fee charged by the airline for this. You will also have to pay for all additional costs incurred in Kathmandu such as accommodation and meals.

FOOD

In Kathmandu there is a wide range of excellent restaurants, some of the more popular ones are: K Too Steak House, Everest Steak House, Rumdoodles, Fire and Ice, La Dolce Vita, Mike's Breakfast and New Orleans. Breakfast is provided each morning by the hotel.

While on the trek, the lodges provide good quality food in sufficient quantities. For breakfast you are likely to get porridge, cereal, toast or chapattis, omelette and a range of hot drinks. On arrival at the lodge in the afternoon you will be given tea and biscuits and a three course meal will follow later in the evening.

CLIMATE

The traditional trekking season in Nepal is late September to May, with October and November generally recognised as having the best weather. Spring is also a popular time of year with warmer weather and the advantage of seeing spring flowers and rhododendrons in bloom.

This trek will have a wide range of temperatures depending on the altitude and the time of day. In the mountains between 1,000m and 3,500m the nights will be cool, normally around 5°C, and during the day temperatures sometimes rise to 25°C. At higher altitudes temperatures range from about 15°C to -20°C.

CLOTHING AND EQUIPMENT

A list of suggested clothing and equipment for the Everest Base Camp trek has been included in Appendix II below. This is a comprehensive list and experienced trekkers will often take only a selection of these items based on what has worked in the past. It is worth pointing out that you will need a sleeping bag for this trip although you can arrange to rent one in Kathmandu.

If you do not have the clothing and equipment contained in this list then a good option might be to rent from the UK. Trek Hire is a company that rents out high quality items at competitive prices which would save you the expense of buying. The link to their website is <http://www.trekhireuk.com/>

Alternatively if you are going to buy then please contact the office for the Cotswold Outdoor promo code that entitles you, as a client of The Mountain Company, to a 15% discount in their stores and online.

Each trekker should bring one backpack for items required during the day. Your day backpack will contain items such as warm clothes, jacket, camera, water bottles, personal first aid kit and snacks.

The rest of your personal equipment packed in a duffel bag or backpack will be carried by a porter. **The maximum weight allowance is 15kgs.** Please ensure that your bag is marked clearly on the outside for easy identification.

VISA REQUIREMENTS

All foreigners require a visa for entry into Nepal. It is your responsibility to obtain the entry visa. You can get from a Nepalese embassy overseas or on arrival in Nepal. Most people will obtain their visa on arrival to Kathmandu airport.

You will need one passport photo and the following fees dependent:

- 15 days USD\$25 or equivalent convertible currency
- 30 days USD\$40 or equivalent convertible currency
- 90 days USD\$100 or equivalent convertible currency

VACCINATIONS AND MEDICAL

You should obtain professional advice from a travel clinic or your local GP about which vaccinations to have before you arrive in Nepal. A dental check-up is a good idea as there will be no dental facilities while on the trek.

We bring a comprehensive first aid kit from UK (Life Systems Mountain Leader) plus high altitude medicine, antibiotics and other medicines.

CULTURAL CONSIDERATIONS

For those of you who are visiting Nepal for the first time we have provided some cultural information to help you fit in and feel at ease:

- The dress code is important for both men and women. Men and women should wear trousers rather than shorts while trekking.
- There are many hot springs, rivers and lakes where it is pleasant to take a dip, it is fine for men to go bare-chested while bathing but they should not go nude. Women should try and be as modest as possible in these situations.
- Hindus are concerned about the ritual pollution of food when it is touched by someone outside their caste or religion. Therefore, do not touch any cooked foods on display and when drinking from a container used by others avoid touching your lips to it. Do not eat food with your left hand and make sure you only give or receive food with your right hand.
- Shoes are considered degrading so keep them on the ground and remove them before putting your feet on anything. If you enter a Nepali house follow the example of your host in deciding whether to remove your shoes but on entering a temple or monastery you should definitely remove them.
- You will pass Buddhist mani walls, chortens, and stupas along the trek and to follow local traditions you should pass them on your right.
- When visiting a monastery or gumpa it is customary to give a donation for its upkeep.
