PARTICIPATION STATEMENT

Participants should be aware trekking, mountaineering and travelling in a developing country are activities that involve a risk of personal injury or death. As a condition of booking you must accept these risks and be responsible for your own actions and involvement.

Adventure travel requires an open and flexible attitude. You may experience extreme conditions, unpredictable weather and last minute changes to the itinerary beyond our control. Lack of acclimatisation to high altitudes could also be a risk factor. Our itineraries allow optimum time for acclimatising although it is possible that some individuals might be slow acclimatisers.

The majority of our trips visit remote areas where you are away from normal emergency services and medical facilities. In case of a serious injury requiring hospitalisation, it has to be accepted by you, evacuation could take up to several days and may impede your ensuing recovery. Helicopters are the most usual means of evacuation, however they are not always available or they may be hindered by poor weather and flying conditions.

INTRODUCTION

Starting from the airstrip at Simikot this trek travels through Nepal's remote western district of Humla following the Humla Karnali river to the border with Tibet. We take Landcruisers to the holy Lake Manasarovar and then complete the pilgrims kora around Mount Kailash.

Mount Kailash is the holiest mountain in the Himalaya known as the center of the world for the four great religions of Hinduism, Buddhism, Bönpo and Jain. Kailash is perfectly symmetrical and according to one description these faces are made of crystal, ruby, gold, and lapis lazuli. Near the base of the mountain rises four of the most significant rivers of Indian sub continent: Indus, Sutlej, Karnali (a tributary of the Ganges River) and Brahmaputra.

The kora or trek around Mount Kailash is a distance of 50 kilometres (31 miles) and involves crossing one pass at 5,600m. We take four days to complete the kora giving you time for the necessary acclimatisation as well as opportunity to visit three

main monasteries no doubt you will meet many pilgrims on the trail. After the kora we drive in Landcruisers over the Tibetan plateau and then cross the border back into Nepal near the town of Zhangmu.

DETAILED ITINERARY

It is our intention to keep to the day by day itinerary detailed below, although there might be some flexibility due to local conditions or other factors beyond our control. If this is the case the trek leader will do everything possible to work out the changes to the itinerary in order to minimise your inconvenience.

Day 1. Arrive Kathmandu and join the tour at the hotel.

You will be met on arrival at Kathmandu airport and driven back to the hotel. Please provide travel plans on booking and we will arrange the pick up and transfer. A full expedition briefing will be given by Alan in the afternoon.

Day 2. Sightseeing in Kathmandu (1,400m).

Today we explore Kathmandu with a good local guide, the day is flexible depending on what you would like to see but the most popular places generally are:

- Pashupatinath is a Hindu temple with burning ghats on the banks of the Bagmati river.
- Swayambhunath, also known as the monkey temple, is climbed by a long set of steps and has great views of Kathmandu.
- Boudhanath stupa has many traditional gompas hung with strings of multi coloured prayer flags, it attracts many Sherpas and Tibetans for the circumambulations of the stupa (koras).
- Durbar square, which is one of the old capitals of the Kathmandu valley, has a blend of Hindu and Buddhist temples.

Day 3. Fly to Nepalgunj.

We take the short flight to Nepalgunj in western Nepal, there are good views from right side of the plane as we fly close to the Himalayan mountains. Nepalgunj is the largest city in the Terai with a hot and humid climate. Overnight Hotel Batika or Sneeha.

Day 5. Trek to Kermi (2,680m)- 6 hours walking.

From Masigaon the trail continues to the village of Dharapuri then after crossing Humla Karnali we enter Khanglagaon, from there we follow the river to our camp at Kermi. Today there is a lot of ascent and descent as we have to climb out of the gorge at times where there are impassable sections.

There is a steep ascent for a couple of hours to Nara Lagna pass where there are good views of Saipal and out over the Tibetan plateau. PRACTICAL INFORMATION

ALTITUDE AND ACCLIMATISATION

Our Simikot to Mount Kailash itinerary has been designed for gradual acclimatisation to take place, take a look at the altitude profile for the itinerary below:

There are ways of helping the acclimatisation process, as described below:

- Walk slowly: there is plenty of time included in the itinerary so there is no need to rush, go at your own pace and enjoy the incredible views!
- Drink lots of water: it is easier for your body to acclimatise when hydrated so drink water and avoid coffee, tea and alcohol.
- Consider taking diamox (acetazolamide): before using this drug we recommend consulting a doctor and thoroughly researching the pros and cons.

COMMUNICATIONS

We bring a Thuraya satellite phone for logistical, safety and personal use. Personal calls charged at £3 per minute and £2 to send and receive SMS text.

ACCOMMODATION IN KATHMANDU

In Kathmandu we use Hotel Tibet (three star). The hotel is located close to the British Embassy near to the centre of Kathmandu. It is within walking distance of the Royal Palace and the tourist hub of Thamel.

A TYPICAL DAY ON TREK

The day starts with an early morning mug of tea brought to your tent by one of the cook's helpers. Before heading over to the mess tent for breakfast it is best to pack your overnight gear into your duffel bag. During breakfast the tents will be packed away and, after the porters have arranged their loads, they will set off on the trail in the cool of the morning.

After breakfast, probably between 7am and 8am, we start walking. The pace of the trek is leisurely with plenty of time to enjoy the scenery, take photos and explore the

local villages. Lunch will be around 11am at a spot by the side of the trail and is prepared for us by the cooks.

There is more walking after lunch and normally you will get into camp by mid afternoon with the tents already put up by the local staff. In the evening a three course meal is served in the mess tent around 7pm. After supper the western leader will discuss the plan for the next day with the group. People might stay in the mess tent chatting about the day's events for a while before retiring to their tent for the night.

FOOD

In Kathmandu there is a wide range of excellent restaurants to try out, some of the more popular ones are: K Too Steak House, Everest Steak House, Rumdoodles, Fire and Ice, La Dolce Vita, Mike's Breakfast and New Orleans. Breakfast is provided each morning by the hotel.

While on the trek, the cook will provide good quality food in sufficient quantities. For breakfast you are likely to get porridge or cereal, toast or chapattis, omelettes and a range of hot drinks. For our camping treks in Nepal we provide fresh coffee from our Bialetti Moka coffee machine. On arrival to camp in the afternoon you will be given tea and biscuits and a three course meal will follow later in the evening.

CLIMATE

The traditional trekking season in Nepal is late September to May, with October and November generally recognised as having the best weather. Spring is also a popular time of year with warmer weather and the advantage of seeing spring flowers and rhododendrons in bloom.

This trek will have a wide range of temperatures depending on the altitude and the time of day. In the mountains between 1,000m and 3,500m the nights will be cool, normally around 5°C, and during the day temperatures sometimes rise to 25°C. At higher altitudes temperatures range from about 15°C to -15°C.

CLOTHING AND EQUIPMENT

A list of suggested clothing and equipment for our Simikot to Kailash trek has been included in the Appendix below. This is a comprehensive list and experienced trekkers will often take only a selection of these items based on what has worked in the past. It is worth pointing out that you will need a sleeping bag for this trip.

If you do not have the clothing and equipment contained in this list then a good option might be to rent from the UK. Trek Hire is a company that rents out high quality items at competitive prices which would save you the expense of buying. The link to their website is <http://www.trekhireuk.com/>

Alternatively if you are going to buy then please contact the office for the Cotswold Outdoor promo code that entitles you, as a client of The Mountain Company, to a 15% discount in their stores and online.

Each trekker should bring one backpack for items required during the day. Your day backpack will contain items such as warm clothes, jacket, camera, water bottles, personal first aid kit and snacks.

The rest of your personal equipment packed in a duffel bag or backpack will be carried by a pony. **The maximum weight allowance is 15kgs.** Please ensure that your bag is marked clearly on the outside for easy identification

CULTURAL CONSIDERATIONS

For those of you who are visiting Nepal for the first time we have provided some cultural information to help you fit in and feel at ease:

- The dress code is important for both men and women. Men and women should wear trousers rather than shorts while trekking.
- There are many hot springs, rivers and lakes where it is pleasant to take a dip, it is fine for men to go bare-chested while bathing but they should not go nude. Women should try and be as modest as possible in these situations.
- Hindus are concerned about the ritual pollution of food when it is touched by someone outside their caste or religion. Therefore, do not touch any cooked foods on display and when drinking from a container used by others avoid touching your lips to it. Do not eat food with your left hand and make sure you only give or receive food with your right hand.
- Shoes are considered degrading so keep them on the ground and remove them before putting your feet on anything. If you enter a Nepali house follow the example of your host in deciding whether to remove your shoes but on entering a temple or monastery you should definitely remove them.

- You will pass Buddhist mani walls, chortens, and stupas along the trek and to follow local traditions you should pass them on your right.
- When visiting a monastery or gumpa it is customary to give a donation for its upkeep.
