HIGHLIGHTS

-) This is a trek in the Everest region with visits to Sherpa villages and Buddhist monasteries. We have included two nights in Pangboche village from where you can walk to Ama Dablam Base Camp.
-) This itinerary is a good introduction to trekking in Nepal with a Western and Nepalese guides while staying at the comfortable lodges of the Everest region. This is a trek that allows ample time to enjoy the views and experience the culture of the Khumbu region of Nepal.
-) There are spectacular views of Everest, the highest mountain in the world, plus a range of other peaks including Lhotse, Nuptse, Ama Dablam, Kang Tega, Thamserku and Taboche.
-) We have included several sections off the main Everest trail exploring quieter areas of the Khumbu. On the way back from Pangboche you walk on a different trail passing through the less visited Phortse village and up to Mong La pass on way to Khumjung village. On next day you walk to the picturesque village of Thame where you can visit this important monastery.
-) There are two days to explore Kathmandu including a day's sightseeing tour to Patan Durbar Square, Pashupatinath and Boudhanath.

REASONS TO CHOOSE THE MOUNTAIN COMPANY FOR AMA DABLAM BASE CAMP

-) Jill Pinkerton will lead our Ama Dablam Base Camp group in November 2019. Jill is an experienced trek leader and has led for us in Nepal for many years. To [find out more about Jill](#)
-) We have been operating treks in Nepal and to the Everest region for many years and our itineraries have been carefully planned to provide extra rest and acclimatisation days to ensure you remain fit and healthy and as a reserve against bad weather.

-) The acclimatisation schedule for our 10 day trek has worked well for our groups in the past with an excellent success rate of our trekkers reaching Ama Dablam Base Camp.
-) The Mountain Company use the best lodges in each location: Mountain Resort in Phakding, Zamling Guest House in Namche Bazaar, Rivendell in Deboche and Highland Sherpa in Pangboche.
-) The Mountain Company will receive bespoke weather forecasts for the Everest region from EverestWeather.com throughout the duration of this trek.
-) Roland Hunter, owner and founder of The Mountain Company, has modified this itinerary based on his first-hand experience of Everest region.

TESTIMONIALS

“The Ama Dablam Base Camp trek was an excellent 'taster' of what Nepal has to offer - a wonderfully heady mix, from the hustle and bustle of Kathmandu, then following the famous route of past and present mountaineers heading for their conquest of Everest, or its Base Camp, before taking to the quieter, arguably more beautiful surroundings of Ama Dablam Base Camp and on from there to even more secluded Sherpa villages and Buddhist monasteries that are still unspoilt by tourism

A real insight into such a fascinating culture, wonderful mountain scenery, on a route that was sufficiently challenging to provide a great sense of satisfaction at the end, with lodge accommodation run by local families that gave a glimpse of traditional Sherpa lifestyle that continues in the region, and provided us with excellent food throughout.” **Jane Binyon (UK)**

“I wouldn't change this trip - I enjoyed every aspect of it. The best part? There were so many highlights: the flight to Lukla; reaching Ama Dablam Base Camp; observing village life; shopping in Kathmandu! But it's the people involved who made it truly special - Jill, our Nepalese guides and porters, Tulsi, the lodge owners who looked after us so well, and my fellow

trekkers some of whom have become very close friends.” **Eileen Mckenzie (UK)**

PARTICIPANT SELECTION

The Mountain Company carefully selects and screens potential participants applying to join our groups to ensure the trip is an appropriate objective for you. We have a number of pre-trip questions asking information about your outdoor experience, training, experience, medical conditions and fitness. To access the pre-trip questions please send in your application by clicking on the “**Apply now**” **button** on the trek webpage. After review of your replies we might contact you by telephone or email for further information to aid our selection process.

Please ensure you have done your own research about our Ama Dablam Base Camp trek by reading our pre trip documents (Trip Dossier, Trip Grading and Trip Reports published on TMC blog) to ensure you have a realistic idea of what to expect. Every trip organised by The Mountain Company has been graded based on four factors: daily walking times, altitude, terrain and remoteness

INTRODUCTION

Your holiday begins with a guided tour exploring Kathmandu, the vibrant capital of Nepal, before you fly high into the Himalaya to the mountain airstrip at Lukla and begin your trek into the heart of Sherpa Country, the Khumbu.

The Everest region is the most famous area in Nepal and, perhaps the entire Himalaya, as it is the centre for many major mountaineering expeditions. Here Himalayan giants from Everest to Ama Dablam tower above the Khumbu Valley, making this valley one of the world's most magical and inspiring places to visit and trek.

We follow in the footsteps of famous mountaineers and follow a good trail from lodge to lodge through beautiful Nepalese villages. There will be spectacular views of Mount Everest and many other Khumbu peaks while visiting the main Sherpa villages and monasteries. We also have the opportunity to trek to Ama Dablam Base Camp which is off the beaten track and well worth the walk for its rewarding views.

Sagarmatha (Everest) National Park covers the area known as the Khumbu and is situated in the north-eastern region of Nepal. It is spectacular mountainous country and most of the park is steep and rugged with paths that traverse and wind round the hillsides, the terrain broken by deep gorges and glacial valleys, while the major valleys have some relatively level areas which are used for growing crops and grazing.

The inhabitants of the Khumbu are Sherpas, originally Tibetan migrants, arriving some four to five hundred years ago. Very little had influenced the region until 1950 when the first mountaineering expeditions arrived to conquer the world's highest mountain, in 1953 Everest was first climbed by Edmund Hillary & Sherpa Tenzing Norgay. Nowadays trekkers as well as expedition climbers delight at the wonderful scenery, their personal pilgrimage and challenge and the ever-friendly Sherpa villages.

Nowadays trekkers as well as expedition climbers delight at the wonderful scenery, their personal pilgrimage and challenge and the ever-friendly Sherpa villages. This really is a remarkable trek which will be remembered, along with the people you meet, long after you return home.

DETAILED ITINERARY

It is our intention to keep to the day by day itinerary detailed below, although there might be some flexibility due to local conditions or other factors beyond our control. If this is the case the trek leader will do everything possible to work out the changes to the itinerary in order to minimise your inconvenience.

Day 1. Arrive Kathmandu.

Flying into Kathmandu on a clear day is in itself an unforgettable experience, with the Nepalese Himalaya sprawling out below you. After customs, you will pass out of the restricted area and into the passenger pick-up area outside the building. You will see a Mountain Company signboard and our representative will be waiting to welcome you to Nepal.

After transferring to your hotel, you will be given a chance to catch your breath and then be given a full briefing. The rest of the day will be yours to explore and to shop for any items that you require. Today you will hear the Nepalese word for hello 'Namaste', you will probably never forget that word after this trek. **Overnight at Hotel Tibet or Hotel Ambassador (Meals: none).**

Day 2. Sightseeing in Kathmandu.

This is a one day guided sightseeing tour of the Kathmandu Valley visiting three out of the seven World Heritage Sites. You will start off by visiting Patan Durbar Square then drive to the Buddhist stupa at Boudhanath followed by the last stop of the day at the Hindu shrine of Pashupatinath. The tour is likely to finish around 4pm and the rest of the day is free to further explore Kathmandu as well as to pack your bags for the trek starting tomorrow morning. You can leave a bag at the hotel with items not needed on trek.

Three major towns are located in the valley, Kathmandu, Patan and Bhaktapur, each having a great artistic and architectural tradition. Kathmandu is the capital and the largest city in the country. Patan, the second largest is separated from Kathmandu by a river. Bhaktapur, the third largest, is towards the eastern end of the valley and its relative isolation is reflected in its slower pace and more distinctly mediaeval atmosphere.

In the Valley the landscape is dramatically sculpted by the contours of the paddy fields. The towns and villages are alive with the colours of farm produce, ranging

from pyramids of golden grain to the vivid reds of chilli peppers laid out on mats to dry in the sun. In the streets and towns there is a constant bustle of activity, especially in the bazaars and markets where the farmers sell their vegetables and fruit. **Overnight at Hotel Tibet or Hotel Ambassador (Meals: B).**

Day 3. Fly to Lukla (2,840m), trek to Phakding (2,610m)- 4 to 5 hours walking. Our early morning flight by Twin Otter aircraft takes us to Lukla, probably the most renowned mountain airstrip in the world. Originally conceived by Sir Edmund Hillary's Himalayan Trust as an emergency evacuation runway for casualties brought to the Trust's hospital at nearby Khunde. Lukla is now one of the busiest runways in Nepal. On the flight we watch the rugged foothills give way to the snowline of the Himalaya; many of the world's highest mountains, including Kanchenjunga, Lhotse and Makalu (the world's 3rd, 4th, and 5th highest respectively) may sometimes be seen from the window of the plane.

After an exciting landing at Lukla and a warm welcome you will meet your porters that will carry your luggage every day until you return to Lukla. Make sure you make time to get to know them and to acknowledge them even if it is through smiles and hand signs. We then depart from Lukla on the typically stony path that descends from the forested terraces of Lukla which takes us right into the Dudh Kosi (river of milk) valley. Along the way the trail offers tantalising views and you will pass large stones carved and painted with prayers, carved mani stones and prayer wheels which are typical of Sherpa Buddhist country. Buddhists hold these sacred and you must as a sign of respect, pass these in a clockwise direction. After passing through the small hamlets of Ghat and Chuthrawa we arrive at the small hamlet of Phakding which is situated right next to the Dudh Kosi river.

The walk from Lukla to Phakding is moderately easy and undulating walking. Memories of the first day will include the sounds of porters, a cacophony of different languages, and strange sounding birds, the sights of porters with loads resting on sticks outside tea houses, tired trekkers on their way back to Lukla, prayer flags, the gaudy colours of the tea houses and of course the dramatic scenery. **Overnight at Mountain Resort in Phakding (Meals: B,L,D).**

Important note: there is a significant safety risk to consider when flying on airlines in Nepal, if you would like to avoid STOL flight from Kathmandu to Lukla there is an option to extend your trek by driving to Jiri in one day and then walking to Lukla in

six days. However there are also safety considerations with this option as driving in Nepal is risky too. For further information about the flight safety risk in Nepal please read our “Threat and Risk Assessment” plus “Lukla STOL flight” sections of this Trip Dossier.

Day 4. Trek to Namche Bazaar (3,445m)- 7 to 8 hours walking.

Today we trek into the Sherpa capital and heart of the Khumbu .You will now be becoming familiar with the local protocol for passing chortens, mani stones, yaks and spinning prayer wheels and enjoying the hustle and bustle of trekking and everyday life that exists in the Khumbu.

Today will be one of the harder days of the trek but we take it slowly (or the Nepalese word for slow is “bistari”). Walking slowly at altitude is the key to acclimatise so this will become the norm for the trek.

From Phakding its about 2 or 3 hours walk to Monjo, the trail follows the Dudh Kosi valley north, staying on its west bank and soon there is a good view of Thamserku (6,608m). After a walk uphill and over a ridge there is a traverse high above the river to Benkar, and a little further on you cross over a suspension bridge to the east bank of the Dudh Kosi to reach the small hamlet of Monjo at the entrance to the Sagarmatha (Everest) National Park.

As you enter into Everest National Park area entry formalities have to be completed. We then follow the right bank of the river to where it starts to climb to the Hilary Bridge which is a tremendously impressive suspension bridge spanning a deep chasm. To reach Namche there is a long ascent which zig zags up through the forest, but with a slow plod and several stops to catch our breath, we make our way steadily upward. Half way up there is a view point and cloud permitting should give us our first view of Everest appearing majestically behind the great ridge of Nuptse-Lhotse.

We then pass through another entry point and as we traverse the hill we get our first views of the capital of the Khumbu- Namche Bazaar which is built on the steep sides of a sloping mountain bowl. It really is an impressive sight of colourful houses and lodges and prayer flags. Namche is a prosperous, busy and vibrant Sherpa village as most treks pass through here. **Overnight at Zamling Guest House in Namche Bazaar (Meals: B,L,D).**

Day 5. Acclimatising walks around Namche Bazaar.

We have a few options for this day and both are helpful to aid your acclimatisation to the high altitude by following the golden rule of “climbing high and sleeping low”.

The first option is the longer walk up to Thame village at 3,800m and back to Namche taking between 7 to 8 hours. If you prefer to have a shorter walk taking around 4 hours you can visit the Everest View hotel also at 3,800m near Khumjung village located above Namche. We have enough guides so, if required, we can organise both of these walks for different members of the group.

The walk up to Thame valley is beautiful and is less visited by trekkers than the main trail to Everest Base Camp. We leave Namche on the high trail which contours out the village high above the Bhote Khosi river through rhododendron forests and then open pastures and pass through the small hamlets of Phurte, Mende & Samde all of which are beautiful with their traditional Sherpa houses and green, terraced fields and pastures.

The trail is an old Tibetan trade route and you may pass Tibetans who come over the Nangpa La to trade in Namche. This well-formed, wide path makes for a mostly easy walk all the way to the village of Thame. You are more than likely to see Griffin vultures today. Before you reach the village of Thame the path descends to a bridge over a narrow fissure with water roaring below where there are large wall paintings of Guru Padmasambhava.

The path then climbs steeply to the picturesque village of Thame with a backdrop of snow covered peaks. Sherpa Tenzing Norgays house is situated near the top of the village where he lived with his first wife. Apa Sherpa who has climbed to the summit of Mount Everest twenty one times also lives in Thame village. If we have time after lunch we will then walk to the monastery (3,940m) situated above the village. The monastery is over 600 years old and is one of the four oldest in Sherpa country. The trail climbs steeply from Thame to join the ridge on which there are many hand carved mani stones. The views from this ridge are spectacular and well worth taking an opportunity to sit peacefully for a while to reflect on your trip. After visiting the temple we will make our return trip the same way back to Namche which is mostly downhill. **Overnight at Zamling Guest House in Namche Bazaar (Meals: B,L,D).**

Telephone: 01647 433880 / International callers: +44 1647 433880

Skype ID: Rolandh1 / Email: info@themountaincompany.co.uk / www.themountaincompany.co.uk

Postal address: Westcott Farm, Chagford, Newton Abbot, Devon TQ13 8JF, United Kingdom

Day 6. Trek to Deboche (3,770m)- 7 hours walking.

This morning after a short, steep climb we leave Namche on the classic approach route to Everest trail which follows high above the Imja Khosi (river). Today's walk continues to contour the hillside with short steep sections as it crosses over ridges.

There are spectacular views of Everest, Lhotse and Nuptse and also the beautifully shaped Ama Dablam (6,812m). Ama Dablam means 'Mothers necklace', the long ridges on each side like the arms of a mother protecting her child, and the hanging glacier thought of as the dablam, the traditional double-pendant containing pictures of gods worn by Sherpa women. There is no doubt that the majestic Ama Dablam is one of the most beautiful mountains in the world.

Passing by several villages and tea houses we cross the Dudh Kosi on a suspension bridge at a place called Phunki Tenga before beginning a climb with a steep ascent for about an hour. This part of the trek is forested by rhododendron and pine so it is well shaded and should be quite cool. Once out of the forest line the trail gradient is quite gentle and gradual for another 1½ hours, all the way up to the monastery. The setting of Tengboche is nothing short of magical and is a spectacular building and incredible to think that the temple was burnt down only a few years ago and re-built largely through the efforts of the Sir Edmund Hillary Trust. We will explore the surrounding area and visit the monastery.

Once leaving Tengboche the path descends through trees to Deboche and to our Lodge taking about 20 minutes. **Overnight at Rivendell Lodge in Deboche (Meals: B,L,D).**

Day 7. Trek to Pangboche (3,930m), afternoon explore the village- 2 to 3 hours trekking.

After a descent to the Imja Khola, we cross a bridge over a picturesque gorge and then the path gradually climbs, with stunning views of Ama Dablam ahead. There are numerous fantastic photo opportunities in both directions, and frequent chortens and mani walls to pass as height is gained to reach the village of Pangboche. The walk to Pangboche takes about 2 to 3 hours.

On arriving at the lodge you will have lunch and in afternoon there are several options to explore the village. Pangboche is a photogenic village with stone walled fields and in upper village there is the oldest monastery in Khumbu set among very old juniper trees. If the weather is fine then it is worth walking up to the viewpoint above the village for the mountain view. **Overnight at Highland Sherpa Resort in Pangboche (Meals: B,L,D).**

Day 8. Day walk to Ama Dablam Base Camp (4,576m)- 4 to 5 hours walking. After breakfast we start the walk towards Ama Dablam Base Camp. This is an opportunity to get off the main Everest Base Camp trail and explore a quieter area in the Khumbu below one of the most beautiful mountains in the world. By walking up to Ama Dablam Base Camp this will help your acclimatisation by following the golden rule of “climbing high and sleeping low”.

For the walk to Ama Dablam Base Camp you start by crossing the Imja Drangka river on a suspension bridge, followed by a gradual ascent until Lhabarma where you are suddenly standing right in front of the mountain ridge. You can walk to its foothill and absorb the enormity of the mountain.

Ama Dablam Base Camp sits at 4,576m on an open yak pasture beneath the west face, with the summit some 2,300m almost straight up above. The climbing route follows the southwest ridge – the right hand skyline as you look at it – moving onto the face above the hanging glacier three-quarters of the way up. Base Camp affords particularly fine views of Kangtega (6,783m), Thamserku (6,618m) and Taboche (6,542m).

Your trek may coincide with the main climbing season and it is more than likely that you may find climbing groups at Ama Dablam Base Camp either acclimatising or fixing the route. With a pair of binoculars it may well be possible to see climbers descending the 50/60 degree ice-slopes from the summit. After enjoying some time at Ama Dablam Base Camp you return by the same trail back to Pangboche.

Overnight at Highland Sherpa Resort in Pangboche (Meals: B,L,D).

Day 9. Trek to Khumjung village (3,970m)- 6 to 7 hours walking.

Today we walk back down to Phunki Tenga via a different route. From Pangboche you take a wonderful trail above the Imja Drenghka river. This trail undulates along

the valley side and you have fabulous views across to the mountains and Tengoché perched on its ridge.

Finally, after about 2-3 hours, walking through forest and isolated fields you descend to Phunki Tenga far below you. After crossing the bridge over the Dudh Kosi (also crossed on Day 6) there is a steep climb up to Tashinga. Leaving this hamlet you contour on a small path to reach the main trail leading to Khumjung in approximately one hour. The path leads gently up the shallow valley and Khumjung itself is another village built into a mountain bowl. We then continue to our lodge for the evening. **Overnight at Hidden Village lodge in Khumjung (Meals: B,L,D).**

Day 10. Trek to Thame (3,750m)- 7 hours walking

We leave Khumjung on the high trail which contours out of the village above the Bhote Khosi river through rhododendron forests and then open pastures and pass through the small hamlets of Phurte, Mende & Samde all of which are beautiful with their traditional Sherpa houses and green, terraced fields and pastures.

This well-formed, wide path makes for a mostly easy walk all the way to the village of Thame. You are more than likely to see Griffin vultures today. Before you reach the village of Thame the path descends to a bridge over a narrow fissure with water roaring below where there are large wall paintings of Guru Padmasambhava. The path then climbs steeply to the very beautiful and picturesque village of Thame with a backdrop of massive snow covered peaks. Thame retains many of its original buildings and culture and is perhaps one of the prettiest villages in Khumbu. Sherpa Tenzing Norgays house is situated near the top of the village where he lived with his first wife. Apa Sherpa who has climbed to the summit of Mount Everest twenty one times also lives in Thame village. **Overnight at teahouse lodge (Meals: B,L,D).**

Day 11. Trek to Monjo- 6 hours walking.

Today we retrace our steps back to the hustle and bustle of Namche Bazaar which we reach after 4 to 5 hours walking. At Namche we re-join the main Base Camp trail again and after lunch we then descend crossing the Sir Edmund Hillary Bridge and continue down to Monjo village. **Overnight at Monjo Guesthouse (Meals: B,L,D).**

Day 12. Trek to Lukla- 5 hours walking.

From Monjo we carry on the descent of the Dudh Khosi valley through the villages of Phakding, Ghat and Cheplung. At Chaurikharka we start ascending the final hill of the trek to reach Lukla. On getting to the Numbur Lodge you can relax and enjoy your last evening with the Sherpa guides and wonderful porters. **Overnight at Numbur Lodge (Meals: B,L,D).**

Day 13. Fly to Kathmandu.

If the weather is fine in Lukla then we will get a morning flight back to Kathmandu which takes 40 minutes and then we will be met at the airport and transferred to our hotel in Kathmandu where you can then spend the rest of the day doing what you please. **Overnight at Hotel Tibet or Hotel Ambassador (Meals: B).**

Day 14. At leisure in Kathmandu.

Today is a free day to rest and relax in Kathmandu after the trek, go shopping or to do more sightseeing around the city by yourselves. However the main reason for having this extra day is as a buffer in case of any delays or cancellations flying back from Lukla in order to minimise the risk of missing your flight back home. **Overnight at Hotel Tibet or Hotel Ambassador (Meals: B).**

Day 15. Fly back home.

Transfer to Kathmandu airport for the flight back home. End of trip.

YOUR COMPLETE FINANCIAL PROTECTION

The Mountain Trekking Company Ltd (trading as The Mountain Company) is a fully licensed and bonded tour operator. For flight inclusive packages sold to UK residents these will be covered by our Air Travel Organisers Licence (our ATOL number is 10921). For packages that do not include flights and for packages sold to customers outside of the UK your financial protection is covered by our membership of Association of Bonded Travel Organisers' Trust ("ABTOT"). THREAT AND RISK ASSESSMENT

Participants should be aware trekking, mountaineering and travelling in a developing country are activities that involve a risk of personal injury or death. As a condition of booking you must accept these risks and be responsible for your own actions and involvement.

Adventure travel requires an open and flexible attitude. You may experience extreme conditions, unpredictable weather and last minute changes to the itinerary beyond our control. The ability to work in team is an important aspect of all of our trips.

As a part of our planning process we have performed a detailed threat and risk assessment for our Ama Dablam Base Camp trek. It is worth pointing out all of our trips have a certain degree of risk, this is of course part of the attraction of

adventure travel and why so many people choose to join this type of holiday. However by identifying the potential hazards on Ama Dablam Base Camp we can assess the level of risk and implement control measures to reduce this happening.

Our full threat and risk assessment for Ama Dablam Base Camp is available on request. For your information we have listed below a summary of the significant risks and hazards identified by us:

-) Falls and trips resulting in physical injury eg. slipping on ice or falling off the path.
-) Altitude illness including but not limited to AMS, HACE and HAPE.
-) Climatic injuries (dehydration, sun burn, heat exhaustion, hypothermia or heat stroke).
-) Lightning strike.
-) Wildlife, pack animals (eg. donkeys or horses) or stray dogs. Pack animals have been known to knock people off the path. Dogs can attack and bite, we advise you discuss rabies vaccination with your doctor.
-) Earthquake.
-) Risk of fire in the hotel or lodge.
-) Endemic local diseases. We advise you discuss vaccinations with your doctor before departure.
-) Physiological injury such as heart attack, appendicitis, hernia, toothache etc. in a remote area.
-) Road traffic or flight accident [*see paragraph "Lukla flight" for further information about STOL flights*].
-) Contaminated food and/ or water.

This trip visits a remote area where you are away from normal emergency services and medical facilities. In case of a serious injury requiring hospitalisation evacuation could take up to several days and may impede your ensuing recovery. Helicopters

are the most usual means of evacuation, however they are not always available or they may be hindered by poor weather and flying conditions.

ETHICAL AND ENVIRONMENTAL CONSIDERATIONS

The Mountain Company is committed to adopting a responsible attitude to the areas we visit. We are guests of the communities visited and with some thought and care we can ensure that everyone benefits from the experience. We have developed a Responsible Tourism policy which aims to ensure that The Mountain Company and its clients act in a way that is socially, environmentally and culturally sound.

In 2017 the Association of Independent Tour Operators (AITO) launched Project PROTECT in recognition of the important role that destinations play in the future of

the travel industry. The aim of this project is to encourage sustainable tourism and to nurture the destinations for tomorrow's travellers. The PROTECT acronym stands for People / Resources / Outreach / Tourism / Environment / Conservation / Tomorrow.

This project is led by Professor Xavier Font of the University of Surrey and each AITO member has to publish an annual pledge and report back at the end of the year on how they got along. To see The Mountain Company's Project PROTECT pledges for 2018 and 2017, please take a look at our [Sustainable Tourism page on AITO website](#).

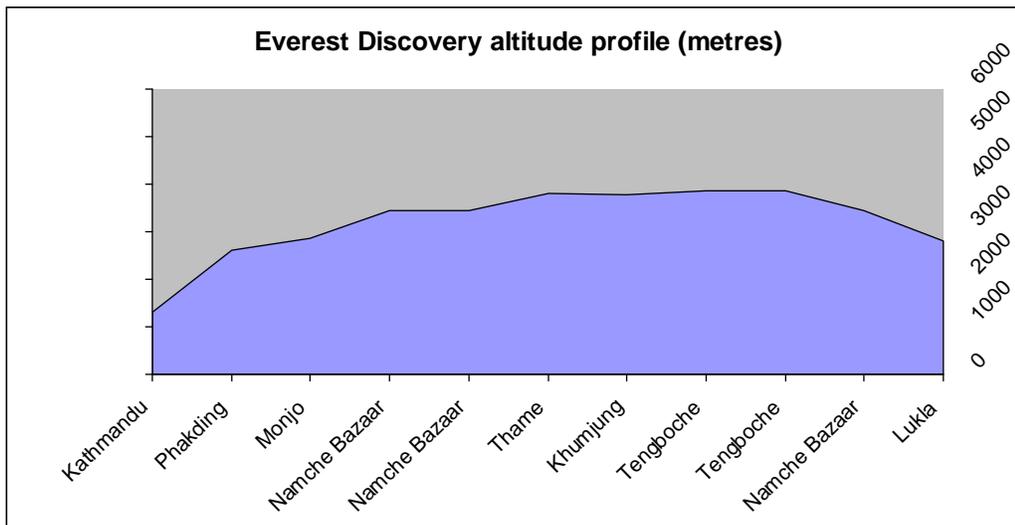

We work closely with the International Porter Protection Group and abide by their five guidelines for porter protection, their website is at www.ippg.net. We also have partnered with Kathmandu Environmental Education Project in Nepal, their website is at www.keepnepal.org

PRACTICAL INFORMATION

ALTITUDE AND ACCLIMATISATION

Our Ama Dablam Base Camp itinerary has been designed for gradual acclimatisation to take place, take a look at the altitude profile for the itinerary below:

There are ways of helping the acclimatisation process, as described below:

-) Walk slowly: there is plenty of time included in the itinerary so there is no need to rush, go at your own pace and enjoy the incredible views!
-) Drink lots of water: it is easier for your body to acclimatise when hydrated so drink water and avoid coffee, tea and alcohol.
-) Consider taking diamox (acetazolamide): before using this drug we recommend consulting a doctor and thoroughly researching the pros and cons.

Please remember even the fittest and healthiest person can develop one of the altitude illnesses: AMS (acute mountain sickness), HACE (high altitude cerebral edema) and/ or HAPE (high altitude pulmonary edema). The symptoms of these illnesses are listed below, if any of these occur when you are on trek please immediately tell your guide.

Symptoms of AMS:

-) Tiredness
-) Dizziness
-) Nausea or if severe, vomiting
-) Poor sleep

Symptoms of HACE:

-) Usually preceded by AMS
-) Like “Severe AMS” also with severe headache unresponsive to painkillers; confusion and physical clumsiness (ataxia).

Symptoms of HAPE:

-) Fluid in the lungs: cough, tiredness, breathlessness out of proportion to exercise especially at rest and worse when lying flat.
-) Often symptoms start later (at night or after 24 to 48 hours at new altitude).
-) Often occurs without AMS (often no headache)
-) But you can have AMS and HACE too.

If you have symptoms of altitude illness (AMS, HACE or HAPE) you must not ascend in altitude. If you have HACE or HAPE you must descend to nearest health post (if available) or seek medical help.

If you have only mild symptoms of AMS you should rest, drink fluids, try to eat, keep warm. If symptoms go away then you can go up. If symptoms get worse you

have to descend in altitude escorted by one of our guides (someone with altitude illness must never descend alone).

ACCOMMODATION IN KATHMANDU

For our Ama Dablam Base Camp trek we use several hotels in Kathmandu depending on availability. They are as follows:

Hotel Tibet is located in Lazimpat next to the Radisson. Hotel Tibet is our usual hotel for our standard trips in Nepal as our clients enjoy staying at this property due to its good location, comfortable rooms and high level of service. There is a garden terrace next to the restaurant on the ground floor and the roof terrace with the Yeti Bar overlooking the city. For more information on Hotel Tibet please take a look at <http://www.hotelmanaslu.com/>

Hotel Ambassador is located in Lazimpat not far from Hotel Tibet and Manaslu. This hotel was rebuilt and opened in Spring 2017 with well-appointed rooms including both King size and twin beds, complimentary wifi, tea & coffee, iron & board, combined bath & shower. The rooms are a good size at 30m² and are well decorated with original art. The rooms have air conditioning and are sound proofed for quiet nights rest. For more information on Hotel Ambassador please take a look at their website: <http://www.ambassadornepal.com/>

There are store rooms at all of these hotels where you can leave luggage not required while on trek. There is also a security safe at these hotels for storage of valuables.

FOOD

In Kathmandu there is a wide range of excellent restaurants, please read our Nepal Pre Trip information document for our recommendations. Breakfast is provided each morning by the hotel.

While on the trek, the lodges provide good quality food in sufficient quantities. Trek meals include breakfast, lunch, afternoon tea and biscuits plus two course dinner (soup and main meal) plus up to two cups of hot drinks per meal.

LUKLA FLIGHT

Please note that flights to and from Nepal's Short Take-Off & Landing ("STOL") mountain airstrips such as Lukla are dependent on the weather. Delays often happen if there is poor visibility or high winds.

If you have to wait in Kathmandu at the beginning of the trip due to delays in flying into a STOL mountain airstrip the cost for your overnight accommodation in Kathmandu is not included so you will have to pay extra for this. If there are cancellations with the airplanes flying into Lukla it may be possible to fly in a helicopter. There would be an extra cost for this service between US\$400 to US\$600 per person depending on which helicopter company is used and the demand at the time.

In all of our itineraries visiting areas with STOL mountain airstrips such as Everest region we include one extra day in Kathmandu at the end of the trip in case of delays flying back. If you are delayed longer than this our office in Kathmandu can help reschedule your international flights however there is likely to be a fee charged by the airline for this. You will also have to pay for all of your additional costs incurred in Kathmandu as a result of the delay such as accommodation and meals.

British Foreign & Commonwealth Office ("FCO") travel advice to Nepal states that "STOL airstrips in Nepal are among the most remote and difficult to land on in the world and are a challenge for even the most technically proficient pilots and well-

maintained aircraft.” For their latest advice please take a look at their Safety & Security section under Air Travel, link at: <https://www.gov.uk/foreign-travel-advice/nepal/safety-and-security>

There have been a number of recent air accidents in Nepal and in December 2013 The European Union banned all airlines based in Nepal from flying in the 28-nation bloc under the latest changes to a list of unsafe carriers. For more information on Nepal’s air safety profile take a look at Aviation Safety Network, link at: <http://aviation-safety.net/database/country/country.php?id=9N>

CLIMATE

The traditional trekking season in Nepal is late September to May, with October and November generally recognised as having the best weather. Spring is also a popular time of year with warmer weather and the advantage of seeing spring flowers and rhododendrons in bloom.

This trek will have a wide range of temperatures depending on the altitude and the time of day. In the mountains between 1,000m and 3,500m the nights will be cool, normally around 5°C, and during the day temperatures sometimes rise to 25°C. At higher altitudes temperatures range from about 15°C to -10°C.

CLOTHING AND EQUIPMENT

A list of clothing and equipment for the Ama Dablam Base Camp trek has been included in Appendix below. It is worth pointing out that you will need a sleeping bag for this trip although you can arrange to rent one in Kathmandu.

If you do not have the clothing and equipment contained in this list then a good option might be to rent from the UK. Trek Hire and Expedition Kit Hire rent out high quality items at competitive prices which would save you the expense of buying. The links to their websites are at <http://www.trekhireuk.com/> and <http://www.expeditionkithire.co.uk>

Alternatively if you are going to buy then please contact the office for the Cotswold Outdoor promo code that entitles you, as a client of The Mountain Company, to a 15% discount in their stores and online.

Each trekker should bring one backpack for items required during the day. Your day backpack will contain items such as warm clothes, jacket, camera, water bottles, personal first aid kit and snacks. Typically the backpack would be 30 to 40 litres in size.

The rest of your personal equipment packed in a duffel bag or backpack will be carried by a porter. **The maximum weight allowance is 15kgs.** Please ensure that your bag is marked clearly on the outside for easy identification.

VISA REQUIREMENTS

All foreigners require a visa for entry into Nepal. It is your responsibility to obtain the entry visa. You can get from a Nepalese embassy overseas or on arrival in Nepal. Most people will obtain their visa on arrival to Kathmandu airport. Please read our Nepal Pre Trip information document for more details about getting your Nepal visa.

VACCINATIONS AND MEDICAL

You should obtain professional advice from a travel clinic or your local GP about which vaccinations to have before you arrive in Nepal. A dental check-up is a good idea as there will be no dental facilities while on the trek.

We bring a comprehensive first aid kit including high altitude medicine, antibiotics and other medicines. Please get in contact with us if you would like to see the list of medicines contained in our medical kits.

INTERNATIONAL FLIGHTS

The Mountain Company does not book international flights for our holidays. Instead all package prices are Land Only with services starting from arrival to the destination country.

If you would like help arranging flights then we suggest you contact our partner travel agent, StudentUniverse (ATOL registered) a specialist division of the Flight Centre Travel Group ---> [Get an online quote](#)

INSURANCE

Travel insurance for any Mountain Company itinerary is a condition of booking a holiday. At the very least you should have emergency medical and repatriation insurance which must include the cost of mountain rescue. Cancellation insurance is strongly recommended as all deposits paid to The Mountain Company are non-refundable.

Please carefully check your insurers' Terms and Conditions in particular you should make sure the following is covered: 1) Activity (i.e touring, trekking or mountaineering) 2) Maximum altitude reached on trek 3) Helicopter evacuation in an emergency.

It is important for you to understand that ultimately the burden of any expense incurred in evacuation and repatriation procedures will be borne by you and that it is your responsibility to pay any costs incurred in respect of any evacuation or for medical treatment. You should be fully aware of the implications involved in arranging your own travel insurance and understand the limitations and exclusions of your policy.

You should be aware that under certain circumstances, The Mountain Company leader (or our local agent, if no western leader) might instigate rescue proceedings via helicopter (or any other means necessary) in situations of medical emergency without first contacting your insurance company for their approval.

The Mountain Company has arranged travel and trekking insurance for European Union residents with the specialist insurance broker **Campbell Irvine**. Their

insurance policy will cover you for most of the trips in our portfolio. However if your trek is classified or graded by The Mountain Company as “**Strenuous**” or “**Challenging**” then you must make sure you select this option when obtaining an online quote for your insurance. Campbell Irvine will not provide insurance cover for any trips classified as “**Mountaineering**”.

CAMPBELL IRVINE DIRECT TRAVEL INSURANCE

To apply for an online quote through [Campbell Irvine's Direct Travel Insurance](#) website. Should you have any questions regarding the terms and conditions of cover please contact Campbell Irvine on 0207 938 1734 or email info@campbellirvine.com

We have [listed on TMC website a comprehensive list of specialist adventure travel insurers](#) that our trekkers from UK, EU and Internationally based have used in the past. Please carefully check their Terms & Conditions prior to purchase. These companies are not necessarily recommended by us so it is your responsibility to ensure you have appropriate coverage.

CULTURAL CONSIDERATIONS

For those of you who are visiting Nepal for the first time we have provided some cultural information to help you fit in and feel at ease:

-) The dress code is important for both men and women. Men and women should wear trousers rather than shorts while trekking.
-) There are many hot springs, rivers and lakes where it is pleasant to take a dip, it is fine for men to go bare-chested while bathing but they should not go nude. Women should try and be as modest as possible in these situations.
-) Hindus are concerned about the ritual pollution of food when it is touched by someone outside their caste or religion. Therefore, do not touch any cooked foods on display and when drinking from a container used by others avoid

touching your lips to it. Do not eat food with your left hand and make sure you only give or receive food with your right hand.

-) Shoes are considered degrading so keep them on the ground and remove them before putting your feet on anything. If you enter a Nepali house follow the example of your host in deciding whether to remove your shoes but on entering a temple or monastery you should definitely remove them.
-) You will pass Buddhist mani walls, chortens, and stupas along the trek and to follow local traditions you should pass them on your right.
-) When visiting a monastery or gompa it is customary to give a donation for its upkeep.

APPENDIX

CLOTHING AND EQUIPMENT LIST FOR AMA DABLAM BASE CAMP

For the safety of everyone in the group and to help ensure a successful trek, you are required to have the following items in our clothing and equipment list tailored for Ama Dablam Base Camp trek. Your gear will be checked by the group leader in Kathmandu prior to departure for the trek.

As a reminder, the weather on this trek will vary season to season and day to day as you ascend to higher elevations. During the first couple of days on this trek you may experience quite hot conditions with temperatures around 20°C. You will experience the coldest temperatures in Pangboche at an altitude of 3,875m where overnight lows might be down to around -10°C.

Footwear:

-) Walking boots. A pair of water repellent boots with ankle support.
-) Walking socks.
-) Trainers or trail shoes. Can be used in lodge in the evenings.

Clothing:

-) Waterproof jacket and trousers (goretex or similar). For use if it rains or snows during the trek.
-) Trekking trousers. Minimum two pairs of trousers.
-) Long sleeve shirts (not cotton). Minimum two shirts.
-) Micro fleece.
-) Mid to heavyweight fleece.
-) Sleeveless/ gilet or body warmer type fleece. This will help keep your core warm while not bulking when layering up. Gilet fleece can be used in combination with

base layers, other fleeces and down jacket to provide maximum warmth and insulation.

-) Thermals or base layer for top & bottom (merino wool or synthetic).
-) Fleece pants. To be worn around the lodge or added as an additional layer when the temperatures start to drop higher up.
-) Medium weight down jacket (eg Nuptse jacket by The North Face).

Handwear:

-) Fleece gloves.
-) Warm mittens and/or gloves.

Headwear:

-) Wool or fleece hat.
-) Sun hat.
-) Bandana or scarf. (eg. Buff Headwear check out <http://www.buffwear.com>)
-) Headtorch. Bring extra batteries.
-) Sunglasses. The lenses need to be Category 4 rated and should have side protection or wraparound design to prevent light getting through to your eyes that could cause sun blindness.

Personal Equipment:

-) Sleeping bag. Maximum overnight lows in Pangboche will be around -10 Celsius. Note: it is possible to rent a bag in Kathmandu from Shonas Rental.
-) Fleece or silk liner for your sleeping bag. A liner protects your sleeping bag from getting dirty and helps by adding extra insulation to keep you warm at night.
-) Daypack. Recommended size is 30 litres or larger as you need to have enough space to carry water bottles, camera, snacks and extra clothing such as down jacket etc. It is also a good idea to bring a rain cover to keep the contents dry.
-) Stuff sacks for keeping your gear dry and organised. Or even better are fold-drybags such as from Exped.

Telephone: 01647 433880 / International callers: +44 1647 433880

Skype ID: Rolandh1 / Email: info@themountaincompany.co.uk / www.themountaincompany.co.uk

Postal address: Westcott Farm, Chagford, Newton Abbot, Devon TQ13 8JF, United Kingdom

-) Two water bottles (Nalgene wide mouth bottles are the best).
-) Sunscreen and lipsalve with a high SPF.
-) Insect repellent.
-) Water purification tablets (Pristine, Biox Acqua or Acqa Mira).
-) Favourite snack food.
-) Books, ipod and cards etc.
-) Trekking poles (Black Diamond with “Flick Lock” are best). Having two poles is mandatory as required for your safety on steep and loose sections of the trail and for walking through deep snow higher up.
-) Camera with spare batteries and memory cards.
-) Insurance certificate.
-) Earplugs (optional).
-) Baby wipes (optional).
-) Hand sanitizer. We suggest you keep this in your day pack for use after a toilet break during the trek or before eating any snacks.

Travelling:

-) Duffle bag or large backpack for your personal gear on the trek (carried by a porter). Bring a small combination padlock to secure the bag.
-) Travel clothes. You will need casual clothing for air travel days and time spent in Kathmandu.
-) Toiletry bag include toilet paper, soap, towel, toothbrush, etc.

Personal first aid kit:

Note: we provide a comprehensive group first aid kit but please bring personal medications and other items you might use regularly such as:

-) Any personal medications.

-) Malaria prophylactic tablets.
-) Blister treatment (Compeed patches are the best).
-) Rehydration powder (eg Dioralyte).
-) Analgesics (paracetamol, ibuprofen and aspirin).
-) Plasters and zinc oxide tape.
-) Throat lozenges.
-) Diamox (helps with acclimatisation).
-) Antibiotics. Although we carry antibiotics for the team, it is advisable to bring some of your own. We recommend that you visit your doctor and request one set of antibiotics to treat stomach infection and one for upper respiratory tract infection.
