Everest Base Camp trek is probably the most famous trek in the world because of its beauty, splendour and history.

Everest Base Camp is an ideal choice for those who are new to the delights of trekking. With our itinerary you get the opportunity to trek to both Ama Dablam Base Camp and Everest Base Camp. We have been operating treks in Nepal and to the Everest region for many years and our itineraries have been carefully planned to provide extra rest and acclimatisation days to ensure you remain fit and healthy and as a reserve against bad weather. For further advice take a look at our Blog article "[Our Seven Tips for a Successful Trek to Everest Base Camp](#)".

The Everest region is the most famous area in Nepal and perhaps the entire Himalaya as it is the centre for the many mountaineering expeditions. Here Himalayan giants from Everest to Ama Dablam tower above the Khumbu Valley, making this valley one of the world's most magical and inspiring places to visit and trek. Sagarmatha (Everest) National Park covers the area known as the Khumbu and is situated in the north-eastern region of Nepal. It is spectacular mountainous country and most of the park is steep and rugged with paths that traverse and wind round the hillsides, the terrain broken by deep gorges and glacial valleys, while the major valleys have some relatively level areas which are used for growing crops and grazing.

We will follow in the footsteps of famous mountaineers and trek the good trail from lodge to lodge through beautiful Nepalese villages with spectacular views of Mount Everest and many other peaks of the Khumbu and also have time to visit the main Sherpa villages and monasteries. You will have the opportunity to trek to Base Camp of Ama Dablam which is off the beaten track and well worth the walk for its rewarding views. You will find yourself immersed in the wonders of this beautiful country, with its idyllic blue roofed houses, colourful prayer flags, fragrant rhododendrons, friendly Sherpa life and breath-taking scenery.

Finally after ten days of walking we arrive at Everest Base Camp and complete our impressive journey with an ascent of the magnificent peak of Kala Patar at 5,554m. Your dreams will be fulfilled as you are rewarded with an awesome 360 degree panorama of spectacular peaks. This really is a remarkable trek which will be remembered, along with the people you meet, long after you return home.

## REASONS TO CHOOSE US

- For better acclimatisation, we organise a longer trek to Everest Base Camp at 14 days from Lukla. The gradual ascent profile for this trekking holiday has worked well for our past groups. We have a very high success rate of our trekkers reaching Everest Base Camp and the summit of Kala Patar.
- We include all meals at the teahouse lodges (breakfast, lunch, afternoon tea, and dinner) while on the trek. Importantly, we clearly define what dishes and drinks we provide so there is no confusion in terms of what is allowed. Given the amount of food and drinks we include, there should be no need to spend any extra money on additional food.
- We are Himalayan trekking specialists having operated trips in Nepal for many years. [Roland Hunter](#) has designed the itinerary from his first-hand experience of this trek.
- Our [AITO Traveller Reviews for Everest Base Camp](#) and [AITO Traveller Reviews for Luxury Everest Base Camp](#) have a holiday rating of 100%. Based on client feedback we won the 2018 Gold Award as AITO Tour Operator of the Year. Read more about our [Testimonials and Awards](#).
- Weather forecasts for the Everest region during your trek.
- We send a Thuraya satellite phone on our group treks in Nepal. Your leader will have reliable communications for logistics, planning, and group safety.
- We provide the porters with windproof jackets & trousers and shelter. We follow International Porter Protection Group ("IPPG") guidelines.
- We bring a comprehensive medical aid kit.
- Our team with first-hand knowledge of this trek provides pre-trip support. During high season we have someone from our UK Operations team based in Kathmandu.

## WHAT'S INCLUDED

- Internal flight to/from Lukla and Kathmandu including baggage allowance of 15kg for your main bag checked into the hold and 5kg for day pack carried with you inside the aircraft.
- All transfers including airport collections.
- One day sightseeing in Kathmandu with Nepalese cultural guide and private vehicle.
- Twin share room at Hotel Ambassador in Kathmandu.
- Twin share deluxe rooms while on trek with attached bathroom where available (see day-by-day itinerary).
- All meals are included while on the trek. Breakfast only at the hotel in Kathmandu. In total for Everest Base Camp, we provide 18 Breakfasts, 14 Lunches, and 15 Dinners. The meals at the teahouse lodges cost in the region of **£350 (US\$455) per person**. You can select your dishes from the menu at the lodge. The trek meals are breakfast, lunch, afternoon tea, and dinner. Breakfast includes cereal, porridge, or rice pudding and an egg dish with bread or toast. Lunch includes one dish such as fried rice, dal bhat, momos, or pasta. For afternoon tea, you get a hot drink plus biscuits. Dinner is two courses including soup and the main dish chosen by you from the menu. You are allowed two cups of hot drinks per meal so this means a total of seven cups per day.
- All trekking arrangements including permits and fees, trekking guide(s) and porter(s). We provide one trekking guide for group size of two people and two guides for a group size of three people and three guides for group size of six people plus.
- Bespoke weather forecasts for Everest region from EverestWeather.com throughout the duration of this trek.

## WHAT'S NOT INCLUDED

- International flight to/from Kathmandu.
- Travel & trekking insurance.
- Nepal visa for 30 days.
- Lunch and evening meals in Kathmandu.
- Personal clothing & equipment, please see the Appendix for suggested kit list.
- Tips to the trek crew. Each trekker should budget for giving tips into the group fund. This should be in the region of 11,500 Nepalese rupees (approx. £75 or US\$95).
- If you have to wait in Kathmandu at the beginning of the trip due to delays in flying into Lukla STOL mountain airstrip the cost for your overnight accommodation in Kathmandu is not included so you will have to pay extra for this.
- If there are cancellations with the airplanes flying into Lukla it may be possible to fly in a helicopter. There would be an extra cost for this service between US\$500 to US\$600 per person depending on which helicopter company is used and the demand at the time.
- Other items not listed in "What is included".

## ITINERARY

### DAY 1: ARRIVE IN KATHMANDU (1,400M)

---

Arrive in Kathmandu

No meals

Deluxe rooms at Hotel Ambassador in Kathmandu

Flying into Kathmandu along the northern border of Nepal on a clear day is in itself an unforgettable experience, with the entire Nepalese Himalaya sprawling out below you. After customs, you will pass out of the restricted area and into the passenger pick-up area outside the building. You will see a Mountain Company signboard and our representative will be waiting to welcome you to Nepal.

After transferring to your hotel, you will be given a chance to catch your breath and then be given a full briefing. The rest of the day will be yours to explore and to shop for any items that you require. Today you will hear the Nepalese word for hello 'Namaste', you will probably never forget that word after this trek.

### DAY 2: SIGHTSEEING IN KATHMANDU

---

Sightseeing in Kathmandu

Breakfast

Deluxe rooms at Hotel Ambassador in Kathmandu

This is a one day guided sightseeing tour of the Kathmandu Valley visiting three out of the seven World Heritage Sites. You will start off by visiting Patan Durbar Square then drive to the Buddhist stupa at

Boudhanath followed by the last stop of the day at the Hindu shrine of Pashupatinath. The tour is likely to finish around 4pm and the rest of the day is free to further explore Kathmandu as well as to pack your bags for the trek starting tomorrow morning. You can leave a bag at the hotel with items not needed on trek.

Three major towns are located in the valley, Kathmandu, Patan and Bhaktapur, each having a great artistic and architectural tradition. Kathmandu is the capital and the largest city in the country. Patan, the second largest is separated from Kathmandu by a river. Bhaktapur, the third largest, is towards the eastern end of the valley and its relative isolation is reflected in its slower pace and more distinctly mediaeval atmosphere.

In the Valley the landscape is dramatically sculpted by the contours of the paddy fields. The towns and villages are alive with the colours of farm produce, ranging from pyramids of golden grain to the vivid reds of chilli peppers laid out on mats to dry in the sun. In the streets and towns there is a constant bustle of activity, especially in the bazaars and markets where the farmers sell their vegetables and fruit.

### **DAY 3: FLY TO LUKLA (2,840M), TREK TO PHAKDING (2,610M)**

---

Fly to Lukla

Walking 7km (4 to 5 hours)

Breakfast, Lunch and Dinner

Hotel Sherpa in Phakding (Meals: B,L,D). Rooms with attached bathroom including toilet

Our morning flight by Twin Otter aircraft takes us to Lukla, the most renowned mountain airstrip in the world. Originally conceived by Sir Edmund Hillary's Himalayan Trust, Lukla is now one of the busiest runways in Nepal. On the flight we watch the rugged foothills give way to the snowline of the Himalayas; many of the world's highest mountains, including Cho Oyu (8,153m), Lhotse (8,516m), Gauri Shankar (7,145m), Menlungtse (7,181m) and of course Mount Everest may sometimes be seen from the window of the plane.

After an exciting landing at Lukla and a warm welcome, you will meet your porters that will carry your luggage every day until you return to Lukla. Make sure you make time to get to know them and to acknowledge them even if it is through smiles and hand signs. After a cup of tea in Lukla giving the porters a chance to load up we then depart on the typically stony path that descends from the forested terraces of which takes us right into the Dudh Kosi (river of milk) valley. Along the way, the trail offers tantalising views and you will pass large stones carved and painted with prayers, carved mani stones, and prayer wheels which are typical of Sherpa Buddhist country. Buddhists hold these sacred and you must as a sign of respect, pass these in a clockwise direction.

After passing through the small hamlets of Chaurikharka and Ghat we arrive at the small hamlet of Phadking which is situated right next to the Dudh Kosi river. The trail from Lukla to Phadking is a moderately easy walk and follows undulating terrain. Memories of the first day will include the sounds of porters, a cacophony of different languages, and strange-sounding birds, the sights of porters with loads resting on sticks outside tea houses, tired trekkers on their way back to Lukla, prayer flags, the gaudy colours of the tea houses and of course the dramatic scenery.

**Important note:** there is a safety risk to consider when flying on airlines in Nepal. If you would like to avoid the STOL flight from Kathmandu to Lukla there is an option to extend your trek. You can walk to Lukla in three days after driving to Salleri. Or you can follow the traditional approach from Jiri taking five to six days walking. There are also safety considerations with driving in Nepal and road traffic accidents happened from time to time. For information about the aviation risk in Nepal read the relevant sections "Threat and Risk Assessment" and "Internal flights in Nepal". Please get in touch with us if you would like to discuss this further.

## DAY 4: TREK TO NAMCHE BAZAAR (3,445M)

---

Walking 9km (6 hours)

Breakfast, Lunch and Dinner

Zamling Guest House in Namche Bazaar with attached bathroom including shower and toilet.

Today we trek into the Sherpa capital and heart of the Khumbu. You will now be becoming familiar with the local protocol for passing chortens, mani stones, yaks and spinning prayer wheels and enjoying the hustle and bustle of trekking and everyday life that exists in the Khumbu. Walking up the hill to Namche will be one of the harder days of the trek but we take it slowly (or the Nepalese word for slow is "bistari"). Walking slowly at altitude is the key to acclimatise so this will become the norm for the trek.

From Phakding its about 2 or 3 hours walk to Monjo, the trail follows the Dudh Kosi valley north, staying on its west bank and soon there is a good view of Thamserku (6,608m). After a walk uphill and over a ridge there is a traverse high above the river to Benkar, and a little further on you cross over a suspension bridge to the east bank of the Dudh Kosi to reach the small hamlet of Monjo at the entrance to the Sagarmatha (Everest) National Park.

As you enter into Everest National Park area entry formalities have to be completed. We then follow the right bank of the river to where it starts to climb to the Hilary Bridge which is a tremendously impressive suspension bridge spanning a deep chasm. To reach Namche from here there is a long ascent which zig zags up through the forest, but with a slow plod and several stops to catch our breath, we make our way steadily upward. Half way up there is a view point and cloud permitting should give us our first view of Everest appearing majestically behind the great ridge of Nuptse-Lhotse.

We then pass through another entry point and as we traverse the hill we get our first views of the capital of the Khumbu- Namche Bazaar which is built on the steep sides of a sloping mountain bowl. It really is an impressive sight of colourful houses and lodges and prayer flags. Namche is a prosperous, busy and vibrant Sherpa village as most treks pass through here.

## DAY 5: ACCLIMATISING WALKS AROUND NAMCHE BAZAAR

---

Day walk around Namche

Breakfast, Lunch and Dinner

Zamling Guest House in Namche Bazaar with attached bathroom including shower and toilet

We have a few options for this day and both are helpful to aid your acclimatisation to the high altitude by following the golden rule of "climbing high and sleeping low". The first option is the longer walk up to Thame village at 3,800m and back to Namche taking between 7 to 8 hours. If you prefer to have a shorter walk taking around 4 hours you can visit the Everest View hotel also at 3,800m near Khumjung village located above Namche. We have enough guides so, if required, we can organise both of these walks for different members of the group.

The walk up to Thame valley is beautiful and is less visited by trekkers than the main trail to Everest Base Camp. We leave Namche on the high trail which contours out the village high above the Bhote Khosi river through rhododendron forests and then open pastures and pass through the small hamlets of Phurte, Mende & Samde all of which are beautiful with their traditional Sherpa houses and green, terraced fields and pastures.

The trail is an old Tibetan trade route and you may pass Tibetans who come over the Nangpa La to trade in Namche. This well-formed, wide path makes for a mostly easy walk all the way to the village of Thame. You are more than likely to see Griffin vultures today. Before you reach the village of Thame the path

descends to a bridge over a narrow fissure with water roaring below where there are large wall paintings of Guru Padmasambhava.

The path then climbs steeply to the picturesque village of Thame with a backdrop of snow covered peaks. Sherpa Tenzing Norgays house is situated near the top of the village where he lived with his first wife. Apa Sherpa who has climbed to the summit of Mount Everest twenty one times also lives in Thame village. If we have time after lunch we will then walk to the monastery (3,940m) situated above the village. The monastery is over 600 years old and is one of the four oldest in Sherpa country. The trail climbs steeply from Thame to join the ridge on which there are many hand carved mani stones. The views from this ridge are spectacular and well worth taking an opportunity to sit peacefully for a while to reflect on your trip. After visiting the temple we will make our return trip the same way back to Namche which is mostly downhill.

## **DAY 6: TREK TO DEBOCHE (3,770M)**

---

Walking 10km (7 hours)

Breakfast, Lunch and Dinner

Rivendell with attached bathroom including shower, basin and toilet

This morning after a short, steep climb we leave Namche on the classic approach route to Everest which contours the hillside high above the Imja Khosi. Today's walk continues to contour the hillside with short steep sections as it crosses over ridges. There are spectacular views of Everest, Lhotse and Nuptse and also the beautifully shaped Ama Dablam (6,812m). Ama Dablam means 'Mothers necklace', the long ridges on each side like the arms of a mother protecting her child, and the hanging glacier thought of as the dablam, the traditional double-pendant containing pictures of gods worn by Sherpa women. There is no doubt that the majestic Ama Dablam is one of the most beautiful mountains in the world.

Passing by several villages and tea houses we will cross a tributary of the Dudh Kosi river on a suspension bridge at a place called Phunki Tenga before beginning a climb with a steep ascent for about two hours all the way up to the monastery. This part of the trek is forested by rhododendron and pine so it is well shaded and should be quite cool.

The setting of Tengboche monastery is nothing short of magical and is a spectacular building and incredible to think that the temple was burnt down only a few years ago and re-built largely through the efforts of the Sir Edmund Hillary Trust. At 3pm every day the monks have their prayers and it is a special experience to watch this ceremony. Once leaving Tengboche the path descends through trees to Deboche and to our lodge taking about 20 minutes. We chose to stay at Deboche rather than Tengboche as it is warmer lower down in the trees, it is less busy and Rivendell is a lovely lodge to stay at.

## **DAY 7: TREK TO PANGBOCHE (3,930M), AFTERNOON EXPLORE THE VILLAGE**

---

Walking 3.5km (2 to 3 hours)

Breakfast, Lunch and Dinner

Highland Sherpa Resort in Pangboche with attached bathroom including toilet

After leaving Deboche we descend through the pine forest down to the Imja Khola. We cross a bridge over the gorge and then follow the path on the other side. There are stunning views of Ama Dablam ahead. We pass chortens and mani walls as we gain height to reach the village of Pangboche. The walk to Pangboche takes about 2 to 3 hours. Today is a shorter walk and this is to help the acclimatisation process now that we are close to 4,000m. We ascend in height at a slow rate to avoid getting altitude sickness.

After arrival at the lodge, we will have lunch. In the afternoon we walk around to explore the village. Upper

Pangboche is the old part of the village with traditional Sherpa houses. This is a 15-minute hike uphill from our lodge. We visit the oldest monastery in Khumbu set among old juniper trees.

## **DAY 8: DAY WALK TO AMA DABLAM BASE CAMP (4,576M)**

---

Walking 8km (5 hours)

Breakfast, Lunch and Dinner

Highland Sherpa Resort in Pangboche with attached bathroom including toilet

After breakfast we start the walk towards Ama Dablam Base Camp. This is an opportunity to get off the main Everest Base Camp trail and explore a quieter area in the Khumbu below one of the most beautiful mountains in the world. By walking up to Ama Dablam Base Camp this will help your acclimatisation by following the golden rule of "climbing high and sleeping low".

For the walk to Ama Dablam Base Camp you start by crossing the Imja Drangka river on a suspension bridge, followed by a gradual ascent until Lhabarma where you are suddenly standing right in front of the mountain ridge. You can walk to its foothill and absorb the enormity of the mountain. Ama Dablam Base Camp sits at 4,576m on an open yak pasture beneath the west face, with the summit some 2,300m almost straight up above. The climbing route follows the southwest ridge – the right hand skyline as you look at it – moving onto the face above the hanging glacier three-quarters of the way up. Base Camp affords particularly fine views of Kangtega (6,783m), Thamserku (6,618m) and Taboche (6,542m).

Your trek may coincide with the main climbing season and it is more than likely that you may find climbing groups at Ama Dablam Base Camp either acclimatising or fixing the route. With a pair of binoculars it may well be possible to see climbers descending the 50/60 degree ice-slopes from the summit. After enjoying some time at Ama Dablam Base Camp you return by the same trail back to Pangboche.

## **DAY 9: TREK TO DINGBOCHE (4,410M)**

---

Walking 6.5km (4 to 5 hours)

Breakfast, Lunch and Dinner

Hotel Brightstar in Dingboche with attached bathroom including toilet

You leave Pangboche on a path which ascends above the village with the sparse landscape now reflecting the height as we enter into the alpine zone above the tree line. You then pass some yak herders cottages and walled fields at Orsho before crossing a stream and making a final steep ascent to Dingboche. The village of Dingboche is set in a stunning position, surrounded by high peaks.

## **DAY 10: ACCLIMATISING WALK UP NANGKARTSHANG PEAK (5,080M)**

---

Walking 3.5km (3 to 4 hours)

Breakfast, Lunch and Dinner

Hotel Brightstar with attached bathroom including toilet

This morning we go for walk up Nangkartshang Peak located above Dingboche at an altitude of 5,080m. From the summit there is a superb panorama with fantastic views of Ama Dablam, Taboche, Cholatse and

Mount Makalu to the East. By walking up Nangkartshang Peak this will help your acclimatisation by following the golden rule of “climbing high and sleeping low”.

## **DAY 11: TREK TO LOBUCHE (4,931M)**

---

Walking 8km (5 hours)

Breakfast, Lunch and Dinner

Oxygen Resort with shared toilet and bathroom

From Dingboche we climb the ridge and cross the flat plain above the Pheriche valley. The trail leads to the bridge crossing a small stream immediately before the small hamlet of Dughla. From Dughla the trail climbs steeply onto the terminal moraine of the Khumbu glacier for a short section to Chukpo Lari, a beautiful, yet poignant place where there is a line of memorials in tribute to the climbers who have died on Everest. The panorama of all the peaks from this point is beautiful.

From the memorial the route descends a little and follows the western side of the valley to Lobuche. Lobuche is a cluster of lodges, teahouses and shops and can be very busy. Taboche and Nuptse Peaks are particularly spectacular from Lobuche, towering almost two kilometres directly above you.

## **DAY 12: TREK TO EVEREST BASE CAMP (5,300M) AND BACK TO GORAKSHEP (5,160M)**

---

Walking 12km (8 to 9 hours)

Breakfast, Lunch and Dinner

Snowland Lodge with shared toilet and bathroom

Today is a challenging day but will no doubt be very rewarding and the highlight of the trek as you walk to Everest Base Camp. After an early start we follow the undulating trail along the western side of the broad Khumbu valley and glacier. The views today are magnificent as you are totally surrounded by towering snowy peaks. The conical peak of Pumori soon comes into view, it is on a lower ridge of this mountain that we will be going tomorrow morning for the Everest view point of Kala Patar. After approximately 2 to 3 hours the trail descends onto sandy basin to reach Gorakshep.

After a light lunch we will set off to walk to Everest Base Camp which is approximately 5 to 6 hour return trek back to Gorakshep where we sleep tonight. After crossing the sandy flat at Gorak Shep the trail climbs onto the lateral moraine of the Khumbu glacier and ascends the side of the glacier for two hours before finally descending onto rocky glacial moraine. The trail then winds up and down and through ice seracs to Everest Base Camp where there are fantastic close up views of the Khumbu ice fall. In spring season this Base Camp will be packed with many nationalities attempting to climb Everest. After a short stop we will retrace our trail back to Gorakshep.

## **DAY 13: ASCEND KALA PATAR (5,545M) AND RETURN TO PHERICHE**

---

Walking 14km (8 hours)

Breakfast, Lunch and Dinner

Panorama lodge with attached bathroom including toilet

In the morning after an early breakfast we climb up to the summit of Kala Patar at an altitude of 5,545m.

It is definitely worth the 2 to 3 hour walk for its great views of Everest and Khumbu Ice Fall (you cannot see Mount Everest from Base Camp) plus the other Himalayan giants of Pumori, Changtse, Nuptse and Lhotse. For many people this will be the highlight of your trip and your highest point that you will trek to. We will spend time on the summit to allow you to sit and reflect surrounded by the majestic beauty of the mountains and ice flutes.

After walking up Kala Patar we return to the teahouse at Gorakshep for lunch before making our return journey past Lobuche and descend to Dughla. Instead of taking the trail back to Dingboche you descend to the flat, broad valley bottom. From there it is a n hours walk along the valley to the village of Pheriche which is made up of lots of lodges, tea houses and shops. The village also has a Himalayan Rescue Association ("HRA") clinic which is well worth a visit to look round.

## **DAY 14: TREK TO PHORTSE VILLAGE (3,800M)**

---

Walking 11km (6 hours)

Breakfast, Lunch and Dinner

Phortse Guesthouse with attached bathroom including toilet

Shortly after leaving Pheriche we cross a bridge and then rejoin the trail that we took to Dingboche on Day 9. As you descend down through the alpine pastures you will now start to feel the warmth and rich air of walking at lower altitudes. Just before entering Pangboche village we take a different trail that contours the hillside high above the river, offering great views across to Tengboche monastery beneath the towering face of Kangtega and behind us the magnificent Ama Dablam. We then finally reach the lesser visited village of Phortse at the mouth of the Gokyo valley.

## **DAY 15: TREK TO MONJO (2,610M)**

---

Walking 13km (7 hours)

Breakfast, Lunch and Dinner

Monjo Guesthouse with attached bathroom including toilet

From the ridge-top perch of Phortse we make the long, steep descent through birch and rhododendron forest to the Dudhi Khosi in the lower part of Gokyo Valley. After crossing the river there is a steady walk on a switch backing trail for 400m with plenty of superb places to stop and look back across to Phortse and beyond.

You then reach the Mong La pass at 3,963m which is a nice place to sit in one of the tea houses to look back and around and reflect. From here we descend to Tashinga where we join the main Base Camp trail again and retrace our steps back to the hustle and bustle of Namche Bazaar which we reach after 4 to 5 hours walking. After lunch we then descend crossing the Sir Edmund Hillary Bridge and continue down to Monjo village.

## **DAY 16: RETURN TO LUKLA (2,840M)**

---

Walking 11km (5 to 6 hours)

Breakfast, Lunch and Dinner

Numbur Lodge with attached bathroom including shower and toilet

From Monjo we carry on the descent of the Dudh Khosi valley through the villages of Phakding, Ghat and Cheplung. At Chaurikharka we start ascending the final hill of the trek to reach Lukla. On getting to the Numbur Lodge you can relax and enjoy your last evening with the Sherpa guides and wonderful porters.

DAY 17: FLY TO KATHMANDU, REST DAY OF AT LEISURE

Fly to Kathmandu

Breakfast

Deluxe rooms at Hotel Ambassador in Kathmandu

If the weather is fine in Lukla then we will get a morning flight back to Kathmandu which takes 40 minutes and then we will be met at the airport and transferred to our hotel in Kathmandu where you can then spend the rest of the day doing what you please.

DAY 18: AT LEISURE IN KATHMANDU

Breakfast

Deluxe rooms at Hotel Ambassador in Kathmandu

Today is a free day to rest and relax in Kathmandu after the trek, go shopping or to do more sightseeing around the city by yourselves. However the main reason for having this extra day is as a buffer in case of any delays or cancellations flying back from Lukla in order to minimise the risk of missing your flight back home.

DAY 19: FLY BACK HOME

Fly home

Breakfast

Transfer to Kathmandu airport for the flight back home. End of trip.

## PRACTICAL INFORMATION

Meal Plan

### MEAL PLAN

We include all meals at the teahouse lodges (breakfast, lunch, afternoon tea, and dinner) while on the trek. Importantly, we clearly define what dishes and drinks we provide so there is no confusion in terms of

what is allowed. Given the amount of food and drinks we include, there should be no need to spend any extra money on additional food. However, some people will pay for extra treats along the way such as to get cake and a coffee at the bakeries and cafes!

If you are comparing our prices with other operators you should be careful to compare apples with apples. These days many operators do not include meals in their packages when staying at the teahouse lodges. The food at the lodges is expensive and will cost an average of £25 (US\$35) per person per day. If you are paying for the meals directly to the lodges you would need to carry a lot of cash including the tip money too. Having this amount of money with you will be a security risk and for peace of mind, it is better to pay for the meals to us when booking the trip. Also, it will be difficult to know in advance how much cash to bring with you on the trek (there are no ATMs when on trek). Furthermore, in practice, it will be complicated and time-consuming for you and the guides to work out individual bills after checking out each day from the lodge.

With our meal plan, you can select your dishes from the menu at the lodge. In our package, we include the cost of your breakfast, lunch, afternoon tea, and dinner. Breakfast includes cereal, porridge, or rice pudding and an egg dish with bread or toast. Lunch includes one dish such as fried rice, dal bhat, momos, or pasta. For afternoon tea, you get a hot drink plus biscuits. Dinner is two courses including soup and the main dish chosen by you from the menu. You are allowed two cups of hot drinks per meal so this means a total of seven cups per day.

We cater to a variety of dietary requirements. There are always meals that are suitable for vegetarians. During booking, we find out if you have any dietary needs and agree upon meal plans before departure. If you have any questions about the food provided please get in touch with us to discuss further.

## Communications

### COMMUNICATIONS

We bring a Thuraya satellite phone for logistical, safety and personal use. Personal calls charged at £4 (US\$5 or €4.50) per minute and £2 (US\$3 €4.50) to send and receive SMS text.

## Kit List

### KIT LIST FOR EVEREST BASE CAMP TREK

This is the mandatory kit list for the safety of everyone in the group and to ensure a successful trek. You must have the following items tailored for Everest Base Camp trek. The group leader will check your gear in Kathmandu before departure for the trek.

As a reminder, the weather on this trek will vary season to season and day to day as you ascend to higher elevations. At the start of the trek you will experience warm conditions with temperatures up to 20 Celsius. You experience the coldest temperatures in Gorak Shep at an altitude of 5,200m. Overnight lows here will be down to around -15 Celsius.

You should bring a rucksack or backpack for gear required during the day. Your pack should contain items such as warm clothes, jacket, camera, water bottles, personal first aid kit and snacks. **The weight limit is 5kg.** A porter will carry the rest of your personal equipment packed in a duffel or kit bag. **The weight limit for your duffel bag is 15kg.** Please mark your bag on the outside for easy identification.

Print the kit list and tick items off as you pack them then weigh your kit bag before you come on trek.

## Footwear

- Walking Boots. A pair of water repellent boots with ankle support. Boots must be in good condition, the best approach is to get new boots and break in before the trek.
- Trail shoes. Used around lodge.
- Walking socks.
- Gaiters. A pair of knee high gaiters used to keep boots dry if walking through snow or on wet ground.

## Clothing

- Waterproof and Windproof jacket (with hood) and trousers (goretex or similar). For use if it rains or snows during the trek and in windy conditions.
- Trekking trousers. (eg. Mountain Hardwear Mesa V2 or The North Face Paramount Peak).
- Soft Shell Trousers.
- Long sleeve tops or shirts (not cotton).
- Micro fleece.
- Mid to heavyweight fleece or synthetic/ primaloft top.
- Sleeveless/ gilet or body warmer type fleece / synthetic top. This will help keep your core warm while not bulking when layering up. Gilet used in combination with base layers, other fleeces and down jacket. This provides the most warmth and insulation.
- Thermals or base layer for top & bottom (merino wool or synthetic).
- Fleece or synthetic leggings. Worn around the camp or added as a layer when the temperatures start to drop higher up.
- Medium weight down jacket.

## Heads and Gloves

- Fleece gloves.
- Warm mittens and/or gloves.
- Wool or fleece hat.
- Sun hat.
- Bandana or scarf (eg. Buff Headwear).
- Head torch. Bring extra batteries.
- Sunglasses. The lenses need to be Category 4 rated. They should have side protection or wraparound design.

## Personal equipment

- Sleeping bag. Overnight lows down to -15 Celsius. It is possible to rent a bag from Shonas Rental in Kathmandu.
- Fleece or silk liner for your sleeping bag. A liner protects your sleeping bag from getting dirty. Also helps by adding extra insulation to keep you warm at night.
- Day pack. Recommended size is around 30 litres. You need to have enough space to carry water bottles, camera, snacks and extra clothing. The pack should have a good waist belt. It is also a good idea to bring a rain cover to keep the contents dry.
- Trekking poles (Black Diamond with "Flick Lock" are best). Two poles are mandatory for your safety. These will be helpful on steep sections of the trail and river crossings. Also for walking on snow or ice higher up.
- Stuff sacks for keeping your gear dry and organised. Or even better are fold dry bags such as from Exped.
- Two water bottles. Nalgene wide mouth bottles are the best. You may use a hydration pack lower down but the tube will freeze in the cold so ensure you still have two water bottles.
- Pee bottle. Recommended as means you do not have to get up to find the toilet tent at night! For men you can use an old water bottle. For women take a look at SheWee.
- Sunscreen and lip salve with a high SPF.
- Water purification tablets (Pristine, Biox Aqua or Aqua Mira).
- Favourite snack food.
- Books and cards etc.
- Camera with spare batteries and memory cards.
- Insurance certificate.
- Earplugs (optional).
- Baby wipes (optional).
- Hand sanitizer. Keep this in your day pack for use after a toilet break during the trek or before eating any snacks. We provide sanitizer for use before meals.

## Travelling

- Duffel bag for your personal gear on the trek. Will be carried by a porter. Rugged and waterproof made of a plastic material. Size 80-100 litres. Eg. Mountain Equipment or Rab. Bring a small combination padlock to secure the bag.
- Travel clothes. You will need casual clothing for air travel days and time spent in Kathmandu.
- Toiletry bag with soap, travel towel, toilet paper, toothbrush etc.

We provide a [comprehensive group first aid kit](#). Please bring personal medications and other items you might use such as:

- Any personal medications.
- Blister treatment (Compeed patches are the best)
- Rehydration powder (eg Dioralyte).
- Analgesics (paracetamol, ibuprofen and aspirin).
- Plasters and zinc oxide tape.
- Throat lozenges.
- Diamox (helps with acclimatisation).

Threat and risk assessment

## **RISK ASSESSMENT FOR EVEREST TREKS**

You should be aware trekking in a developing country involves a risk of personal injury or death. You must accept these risks and be responsible for your own actions and involvement. Adventure travel requires an open and flexible attitude. You may experience extreme conditions and unpredictable weather. There could be last-minute changes to the itinerary beyond our control. The ability to work in a team is an important aspect of our trips.

We have performed a threat and risk assessment for our Everest trek. Our trips have a degree of risk. This is part of the attraction of adventure travel and why so many people choose to join this type of holiday. By identifying the hazards we assess the level of risk. We have control measures in place to reduce this happening or to reduce the impact.

Our risk assessment is available to clients on request. We have listed below a summary of the significant risks and hazards identified by us:

- Falls and trips resulting in physical injury eg. slipping on ice or falling off the path.
- Altitude illness including but not limited to AMS, HACE, and HAPE.
- Climatic injuries (dehydration, sunburn, heat exhaustion, hypothermia, or heat stroke). Please note during the months of April and October it will be very hot and humid for the first three days of the trek.
- Crossing a river with no bridge resulting in drowning and/ or a fall.
- Rockfall and landslides.
- Snow and ice avalanches.
- Lightning strike.
- Wildlife, pack animals (e.g. donkeys or horses) or stray dogs. Pack animals can knock people off the path. Dogs can attack and bite. Discuss rabies vaccination with your doctor.
- Earthquake.
- Risk of fire in the hotel or lodge.
- Endemic local diseases. Discuss vaccinations with your doctor before departure.
- Physiological injury. Such as heart attack, appendicitis, hernia, toothache, etc. in a remote area.
- Road traffics.
- Flight accidents. Read paragraph "Internal flight".
- Contaminated food and/ or water.

This trip visits a remote area. You are away from the usual emergency services and medical facilities. Evacuation for a serious injury requiring hospitalisation could take up to several days. This delay could impede your ensuing recovery. Helicopters are the usual means of evacuation. They are not always available or hindered by poor weather and flying conditions.

Internal Flights

## **INTERNAL FLIGHTS IN NEPAL**

Flights from Nepal's Short Take-Off & Landing ("STOL") airstrips are dependent on weather. Delays often happen if there is poor visibility or high winds. For our itineraries with flights to or from STOL, we include one extra day in Kathmandu at the end of the trip. This is in case of delays flying back. If the delays are longer we will help reschedule your international flights. There is likely to be a fee charged by the airline

for this. You also have to pay for costs incurred in Kathmandu as a result of the delay such as accommodation and meals.

You should read the Foreign, Commonwealth, and Development Office ("FCDO") travel advice for Nepal. For their latest advice take a look at their [Safety & Security section under Air Travel](#). There have been some recent air accidents in Nepal. The European Union has banned Nepalese airlines from flying to Europe. For more information on Nepal's air safety profile take a look at [Aviation Safety Network](#).

Weather and conditions

## **WEATHER AND CONDITIONS FOR EVEREST BASE CAMP TREK**

Everest Base Camp trek has a wide range of temperatures. This depends on the season, altitude and time of day. Below Namche Bazaar the nights will be cool around 5 Celsius. During the day temperatures sometimes rise to 20 Celsius. At higher altitudes temperatures range from about 15 Celsius to -15 Celsius.

The trekking season in Nepal is late September to May. October and November is generally recognised as having the best weather. Spring is a popular time of year with warmer weather than in Autumn. Also there is the advantage of seeing spring flowers and rhododendrons in bloom.

We have written a blog article [When is the best time to go trekking in Nepal Himalaya?](#) This has information about the weather and conditions in Spring and Autumn seasons. It also explains the differences between the trekking regions of Nepal.

## **ACCOMMODATION**

### **TEAHOUSE PLUS LODGE IN EVEREST REGION**

For our Teahouse Plus+ treks, we use rooms at teahouse lodges with attached bathroom where available. We include a hot shower for every night of the trek apart from the highest lodges at Lobuche and Gorakshep. We also include a hot water bottle for use at nights throughout this trek.

We will provide all meals at the lodges and include breakfast, lunch, afternoon tea and biscuits plus two course dinner (soup and main meal) plus up to two cups of hot drinks per meal.

We regularly inspect and select the best lodges in each location. For Everest Base Camp you will stay at Mountain Resort in Phakding, Zamling Guest House in Namche Bazaar, Tashi Delek in Tengboche, Highland Sherpa in Pangboche, Hotel Brightstar in Dingboche, Oxygen Resort in Lobuche, Snowland Lodge at Gorakshep, Panorama Lodge in Pheriche, Phortse Guesthouse, Monjo Guesthouse and Numbur Lodge in Lukla.

## HOTEL AMBASSADOR IN KATHMANDU

We have used [Hotel Ambassador](#) in Kathmandu for our groups since it was rebuilt in 2017. Since then we have received positive feedback on their service and location. This is our first choice hotel for trekking groups in Kathmandu. Rooms are well appointed with a reliable supply of hot water for use in the shower. The windows have double glazing so it keeps the rooms very quiet. They serve an excellent breakfast buffet from 7am to 10am. A sundowner on their rooftop bar and restaurant called Foreign Affairs is a must do!
